

# Personal Injury, Insurance and National Insurance

Our commitment is to the growth and development of our clients. Sometimes this requires protecting them in cases of personal injury during the course of sporting activity or in the event of an occupational accident.

ZAG's Sports department helps clients to realize their rights when dealing with the insurance companies and the National Insurance Institute, and also represents clients in tort cases before the courts.

**For further information about our Personal Injury, Insurance And National Insurance practice, please visit our website at [www.zag-sw.com](http://www.zag-sw.com) or contact:**
