

# Corporate Governance

Compliance with corporate governance provisions and regulatory guidelines is an essential part of the journey for any public company.

Leaving no stone unturned for our clients, ZAG's Corporate and Capital Markets departments specialize in advising public companies, listed and dual-listed, on their day-to-day activities, including ensuring proper corporate governance and protection from securities violations. Our lawyers are also highly experienced in drafting administrative enforcement plans and remuneration policies.

Our wealth of understanding of corporate and securities law and close relationships with the regulators guarantee the most complete service for our clients as they drive their businesses forward.
